Evaluation Responses

1. The Instructional Assistant consistently produced high-quality polished work, took initiative, and met deadlines.

Strongly Agree

2. Optionally add comments elaborating on your answer above. For example, address the following: did the TA anticipate course, instructor, and student needs? Was the TA attentive to course-related communication? Did the TA effectively manage the responsibilities assigned with consistent attention to detail and correctness?

- Ahmed helped out immensely with setting up the course website prior to the beginning of the quarter, and he set up the entire repository so that I could easily edit and make changes as needed. He was also on top of deadlines and brought student concerns to my attention as often as he saw them.

3. The Instructional Assistant was an effective teacher and clearly explained course concepts to students (in writing and/or verbally).

Strongly Agree

4. Optionally add comments elaborating on your answer above. For example, comment on course material developed by the TA (e.g. assignments, solutions, rubrics, discussion slides, exam problems) or the quality of discussion sections delivered by the TA.

- Ahmed's answers to student questions on Ed were thoughtful and thorough, and he explained concepts clearly and effectively to students.

5. The Instructional Assistant knew the course material and effectively applied this knowledge in preparing course materials and working with students.

Strongly Agree

6. Optionally add comments elaborating on your answer above. For example, point out particular content areas in which the TA was weak or strong.

- From what I've heard from students in office hours, Ahmed's explanations of the course material was thorough and patient. He also didn't hesitate to reach out to me for clarifications on some of the material. For example, there was one discrepancy that some students got confused on for the midterm, but he clarified the solution with me before letting students know.

7. The Instructional Assistant interacted professionally and appropriately with others on the instructional team (instructors, tutors, and TAs), and students.

Strongly Agree

8. Optionally add comments elaborating on your answer above and addressing the TA's interactions with students, the tutor team (if any), and the instructor.

- Ahmed was on top of communications and deadlines, and he brought up student concerns during staff meetings in a professional manner.

9. What is your overall rating of the Instructional Assistant?

Excellent
